

## **Roads Committee meeting**

### **Visite du Branchage**

**6<sup>th</sup> September 2024 at 2:30pm**

The Roads Committee assembled at the Parish Hall at 2:30pm

Present: Connétable

Rector

Mr N Le Maistre

Mr A Dunford

Apologies were received from Mr B Fossey.

In attendance: Centeniers O Simmons and D Owen

Vingteniers C Fossey, A Ingram and A Ozouf

Roads Inspectors M Le Var, B Dorrington, JLeS Gallichan Jnr, B Jeanne, BC Rondel, JE Le Maistre, L Agnes and J Deans.

Miss D Le Mottée, Parish Secretary

### **Visite du Branchage**

Having considered the reports prepared by the Vingteniers and Roads Inspectors, the Visite proceeded around the Parish and visited sites where potential infractions had been identified.

After inspection, and on the advice of the Roads Committee and Centeniers, the Connétable decided that three financial penalties were appropriate.

### **Rue de la Garenne**

During the Visite, the Roads Committee attended Rue de la Garenne following receipt of an email concerning erosion of the edge of the road outside La Garenne Farm and the property adjacent to it. Having inspected the site the Roads Committee agreed that the road required repair and confirmed to one of the owners of La Garenne Farm that the road would be rectified and that the Roads Committee would contact the owners to ascertain boundaries.

### **Rue d'Empierre**

Following its meeting on 28<sup>th</sup> August 2024, the Roads Committee attended Rue d'Empierre to explore the possibility of moving the Parish road name sign closer to the edge of the bank adjoining the road. It was clear that the road sign was already very close to the road and could not be moved any closer. It was further noted that the sign was slightly hidden by vegetation and it was agreed to ask the owner of the hedge to ensure that the sign remained visible.

### **Rue de la Fontaine de Colard**

It was noted that on 1<sup>st</sup> September 2024, the Duty Centenier was called out due to flooding on the road and that a contractor was called to clear the road where flooding had deposited mud and silt. The Roads Committee attended the site where the flooding had occurred and it was noted that the brook running under the road required clearing. The Connétable agreed to write to the owner of the brook.

The Visite du Branchage finished at 4:30pm.

P Le Sueur
